## ABOUT ME

Hello! My name is Noah Rey, a student at Telkom Vocational High School Purwokerto majoring in Software Engineering (RPL). I have a strong interest in technology, especially in programming, web development, and digital systems management. I enjoy learning new things, taking on challenges, and continuously improving my skills in software development. In the future, I aim to create meaningful projects and contribute to the world of technology.

## EDUCATION

2021 – 2024

Telkom Junior High  
School Purwokerto

Studied general education with a strong foundation in technology and digital literacy, preparing for vocational studies in software engineering.

2024 – 2027

Telkom Vocational High  
School Purwokerto

### Software Engineering (RPL)

Focuses on programming, web development, database, and software engineering fundamentals. Actively learning to build digital solutions and projects both individually and in teams.

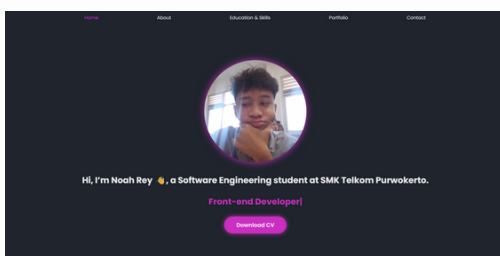

## SKILLS

**Programming & Tools** : HTML, CSS, PHP, JavaScript and GitHub

**Tools Design** : Adobe Photoshop, Adobe Illustrator and Figma

**Soft Skills** : Problem Solving, Creative, Teamwork, Critical Thinking and Time Management

## PORTOFOLIO

### PORTFOLIO

#### Personal Portfolio Website

Showcasing my web development projects, UI/UX designs, and software development work.

## CERTIFICATE

UX Research Fundamentals – MySkill (2024):  
Learned user research methods, persona creation, and usability testing.

Creating Business Pitch Deck – MySkill (2024):  
Learned to design and present effective pitch decks.
